# Be a Mask Maker

Halloween is a time when you can pretend to be anything you want! You might be a famous person from history, a character from your favorite book, a rock star, or even an animal, bird, or fish! Just use your imagination.

Once you've decided what you want to be, sketch your mask on a sheet of paper. You'll use this as your guide.

## Materials

A balloon large enough to cover the size of your head

Papier mâché paste

Newspaper torn into strips no more than 1 inch wide and 6 inches long

## Directions

1. Blow up your balloon until it is just a little larger than your head. Tie with string.
2. Dip newspaper strips into paste and place on the balloon. Take your time and cover  $\frac{3}{4}$  of the balloon. Make sure you squeeze the extra paste off each piece before smoothing it on the balloon.
3. You need to do at least 4 layers of papier mâché.
4. Let your papier mâché dry completely. This may take several days.
5. When the mask is completely dry, pop the balloon.
6. Use a black pencil to draw the features on your mask.
7. Carefully cut out the eyes and mouth.
8. Paint your mask. Add on scars, feathers, beads, anything that will make your mask look like the character you want to be.
9. Punch small holes in the sides and tie string through the holes to hold your mask in place.

HAPPY HALLOWEEN!
